

POLICIES FOR INVESTORS a A GLANCE

Rajasthan has created a policy environment that nurtures private enterprise and makes investing in the State attractive and profitable. In addition to a general package of attractive financial incentives, sector-specific policies have been formulated to promote investment. This publication is a ready reckoner with key highlights of various policies of interest to investors. Rising Rajasthan invites you to partner the state on its transformative journey to a prosperous future.

EXISTING POLICIES

RAJASTHAN INVESTMENT PROMOTION SCHEME (RIPS), 2022

OBJECTIVE

- To achieve an annual growth rate of 15 % in the manufacturing and services
- To foster balanced and inclusive regional development by uplifting industrially underdeveloped areas
- To Create employment opportunities for 10 lakh people by 2027
- To attain leadership in sunrise sectors such as medical devices, alternative energy, green hydrogen, etc.
- To become a pioneer in climate and sustainability by incentivizing green initiatives

FOCUS SECTORS / AREAS

RIPS 2022 focuses on 8 priority categories:

- Manufacturing
- Services
- Sunrise Sectors
- Micro Small and Medium Enterprises (MSMEs)

- Startups
- Logistics Parks, Warehousing, and Cold Chains
- Research and Development (R&D), Global Capability Centres (GCC) and Test Labs
- Renewable Energy Plants

ELIGIBILITY

- RIPS 2022 shall apply to the following classes of enterprise(s) and investments:
- New and existing enterprises investing and establishing new units.
- Existing enterprises investing in expansions.
- Existing enterprises which meet the eligibility conditions mentioned below:
 - Existing Enterprises under RIPS 2019 can choose to continue with 2019 incentives and benefits until the policy's operative period ends
 - Eligible Enterprises with over INR. 100 crore investment and 200+ employees under RIPS 2019 can opt for RIPS 2022 incentives for the

- remaining tenure
- Eligible Enterprises with over INR 100 crore investment under RIPS 2019, who haven't availed the benefits yet, can opt for RIPS 2022 incentives, if employing 200+ workers.
 Incentives will apply for the remaining tenure.
- Any Enterprise which has not applied for benefits under RIPS 2019 shall not be eligible for benefits under RIPS 2022, except:
 - An enterprise which startedcommercial production after the launch of RIPS 2022
 - An enterprise making expansion-related investments after the launch of RIPS 2022

INCENTIVES

MANUFACTURING SECTOR BENEFITS:
 Qualifying criteria for manufacturing standard package

, and a second	Investment	•	OR Employment Generation
Large	50	<300	100 (AND minimum investment required is INR 50 crore)
Mega	300	<1000	250 (AND minimum investment required is INR 150 crore)
Ultra Mega	1000	-	750 (AND minimum investment required is INR 500 crore)

ASSET CREATION INCENTIVES (ACI)

- Investment Subsidy (SGST Reimbursement): 75% of the State tax due and deposited for a period of 7 years OR
- Capital Subsidy: 13 28% of Eligible Fixed Capital Investment to be disbursed in annual installments over 10 years OR
- Turnover Linked Incentive: 1.2-2.0% of Net Sales Turnover to be disbursed annually for 10 years

SPECIAL INCENTIVES

- Employment Booster: 10-15% booster on chosen ACI for generating more jobs
- Training and Skilling Incentive: Skilling support in the form of a Training Subsidy of INR 4000 per worker per month for 6 months for trainings delivered in Rajasthan
- Green Incentives:
 - Environmental Infrastructure Facilities:
 One time capital subsidy up to 50% of
 the cost of project, subject to a ceiling of
 INR 10 crore per project.
 - Zero Liquid Discharge: Enterprises

- practicing at least 50% waste recovery through Zero Liquid Discharge which shall be provided up to 50% capital subsidy on cost of relevant equipment up to Rs 1 crore
- Air Pollution Control Measures: One-time capital subsidy up to 50% of the cost of projects, subject to a ceiling of INR 1 crore per project
- Water Measures: 50% cost of equipment subject to a max of INR 10 lakh
- Captive Renewable Energy Generation: 100% electricity duty exemption for 7 years
- Energy Efficiency Measures: Up to 50% consent fee waiver for industries under Rajasthan Green Rating System
- Other Emerging Green Technology Areas: The State shall decide the appropriate incentive on a case-to-case basis
- Cluster Incentives: For a group/cluster of enterprises within the same or nearby premises (within a 50 km radius), in with a consolidated investment proposal greater

than INR 500 crore.

 Freight Subsidy: Enterprises can avail a benefit of INR 10,000/- per TEU (20 Feet equivalent unit) and 20,000/- per 40 feet container OR 25% of the total expenses on freight (whichever is lesser) subject to a maximum limit of INR20 lakh per exporting unit per annum.

EXEMPTIONS

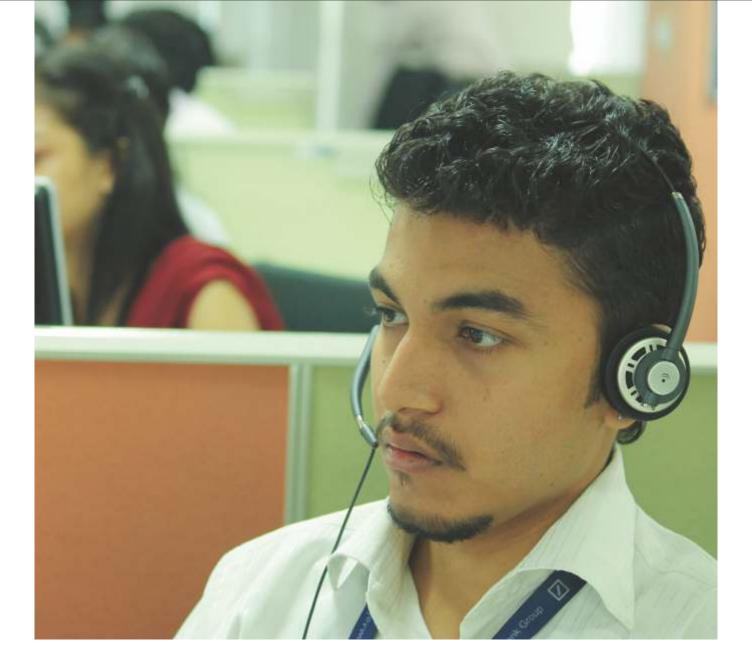

- 75% exemption on Stamp duty and/or Conversion charges
- 25% reimbursement on stamp duty and/

- or conversion charges
- 100% exemption of mandifee for 7 years
- 100% exemption of Electricity duty for 7 years

ADDITIONAL INCENTIVES

- Sunrise Booster: 25% Sunrise booster on top of the ACI chosen OR
- Thrust Sector Booster: 10% Thrust Booster on top of ACI chosen OR
- 5% Interest Subsidy for period of 5 years OR
- Anchor Booster: 20% Anchor booster on top of ACI chosen

• SERVICE SECTOR BENEFITS:

• Qualifying Criteria for Services Standard Package

		Maximum Investment (In crore)	OR Employment Generation
Large	50	<100	500 (AND minimum investment required is INR 50 crore)
Mega	100	<250	2000 (AND minimum investment required is INR 75 crore)
Ultra Mega	250	-	4000 (AND minimum investment required is INR 150 crore)

ASSET CREATION INCENTIVES (ACI)

- Investment Subsidy (SGST Reimbursement)
 75% of the State tax due and deposited for a period of 7 years OR
- Capital Subsidy: 10-20% of Eligibility Fixed Capital Investment to be disbursed in annual installments over 10 years OR
- Turnover Linked Incentive (TLI) -1.00% -1.40% of Net Sales Turnover to be disbursed annually for 10 years

SPECIAL INCENTIVES

- Employment Booster: 10%-15% booster on chosen ACI
- Training and Skilling Incentive
 Skilling support in form of a Training Subsidy of INR 4000 per worker per month for 6 months for training delivered in Rajasthan

EXEMPTIONS

- 75% exemption on Stamp duty and/or Conversion charges
- 25% reimbursement on stamp duty and/ or conversion charges
- 100% exemption of Electricity duty for 7 years
- 100% conversion charges benefits given in stages as notified by the State

ADDITIONAL INCENTIVES

- Thrust Sector Booster 10% Thrust Booster on top of ACI chosen OR
- Regional/Sectoral Anchor Booster: 20%
 Regional Anchor booster on top of ACI chosen

CUSTOMIZED PACKAGE

- For Investment of more than INR 500 crore
 Option to redistribute benefits among ACI
 (Capital Subsidy, TLI and SGST reimbursement)
- For Investment of more than INR 1000 crore and employment of more than 800 persons customization on a higher NPV of the ACI up to 20% of the NPV of the chosen ACI.

• SUNRISE SECTORS

Charges

- Asset Creation Incentives
 The first 3 sunrise Mega/Ultra Mega projects get a 25% booster on ACI; subsequent investments receive Manufacturing Thrust
- benefits.

 Banking, Wheeling and Transmission
- First 3 sunrise Mega/Ultra Mega projects get 100% waiver/reimbursement on banking, wheeling, and transmission charges for Captive Power Plants.
- OTHER FOCUS CATEGORIES COVERED UNDER RIPS 2022 ARE AS BELOW:
- Micro, Small and Medium Enterprises (MSMEs)
- Startups
- Logistics Parks, Warehouses and Cold Chains
- R&D, Global Capability Centre (GCC), Test Labs
- Renewable Energy Plants

6

RAJASTHAN INDUSTRIAL POLICY, 2019

RAJASTHAN INDUSTRIAL POLICY, 2019

OBJECTIVES

- To develop and maintain industrial infrastructure
- To offer competitive fiscal incentives
- To maximize potential of human capital of the state
- To most efficient utilization of natural resources
- To provide Special focus on 'Backward' and 'Most Backward' areas
- To foster entrepreneurship and innovation
- To promote industrial symbiosis and environmentally sustainable industrial development
- To support technological upgradation of the industry
- To usher in the new era of Industry 4.0
- To rationalize regulations and inspections
- To strengthen the thrust sectors of the State

FOCUS SECTORS/AREAS

The Rajasthan Industrial Policy focuses on a wide range of sectors which include:

- Agro Food Processing
- Textiles and Apparels
- Handicraft/Handloom/Khadi Industries
- Gems and Jewellery
- Auto and Auto Component

- Pharmaceuticals and Medical Devices
- Chemicals including Petrochemicals
- Mines and Minerals
- Electronics System Design Manufacturing (ESDM)
- Service Sector
- Industry 4.0

INCENTIVES

- Various incentives such as exemptions from SGST, employment subsidy, electricity duty, stamp duty, land conversion concessions, subsidies, and Mandi fee exemptions are provided. Additional incentives are provided to strengthen the thrust sectors.
- The policy incentivizes establishing industries in backward and most backward areas.
- Exemption from State tax for new industries in tribal, hilly, and desert areas is provided for the first 3-year
- Attractive fiscal incentives are provided to anchor units setting up their base in any industrial area
- Benefits are granted to developers of Industrial parks, advanced testing labs, labor housing and dormitories, and logistics facilities such as

- MMLH, Logistics Parks, Warehouses, and Cold Chains
- Assistance to MSMEs are provided for capital investments, technology acquisition/upgradation, credit guarantee, quality certification, branding and promotion, and Intellectual Property Rights (IPR).
- A special scheme for financial assistance to entrepreneurs belonging to SC, ST, women entrepreneurs, cottage industries, street vendors, and Self Help Group (SHG) has been formulated.
- A new and convenient 'loan scheme' for microenterprises has been formulated by Rajasthan Financial Corporation (RFC)

Follow the link for full policy document

RAJASTHAN MSME POLICY, 2022

OBJECTIVES

- The policy envisages to establish 20,000 new MSME units with a cumulative investment of INR 10,000 crore and employment generation for 1,00,000 persons.
- The policy also envisages to facilitate 9,000 MSMEs for obtaining Zero Defect Zero Effect (ZED) certification.

FOCUS SECTORS/AREAS

- Micro
- Small
- Medium Enterprises

ELIGIBILITY

These categories have been further classified into micro, small and medium, on the following basis

Enterprise Category	Investment in Plant & Machinery Not Exceeding	Annual Turnover Not Exceeding
Micro	INR 1 crore	INR 5 crore
Small	INR 10 crore	INR 50 crore
Medium	INR 50 crore	INR 250 crore

INCENTIVES:

- The policy envisages to establish 20,000 new MSME units with
- EASE OF DOING BUSINESS
 - The Rajasthan Micro, Small, and Medium Enterprises (Facilitation of Establishment and Operation) Act 2019, provides exemptions for MSMEs from all approvals and inspections, such as permissions, NOCs, clearances, consents, approvals, registrations, licenses, etc., under any state law for a period of three years.
 - 'RAJINIVESH' is a Single Window Clearance System and a One Stop Shop facility designed to support MSME investors by streamlining the process of obtaining regulatory approvals and fiscal incentives.

EASE IN ACCESS TO FINANCE

 The State Government has introduced an Interest Subsidy scheme, namely, 'Mukhyamantri LaghuUdhyogProtsahanYojana (MLUPY)' to facilitate the establishment of Micro and Small Enterprises (MSEs) in the State and to generate new employment opportunities. This Scheme provides interest subsidy ranging from 5% to 8% per annum for a loan up to INR 10 crore.

LAND AND INFRASTRUCTURAL DEVELOPMENT

 The State Government will provide an outlay of INR 500 crore for setting up of complexes which shall offer plug and play facility for the establishment of IT / ITeS, Readymade Garments, Gems and Jewellery and service sector units.

- To promote the establishment of industries in the rural areas, the State Government has undertaken following initiatives
 - Exemption from conversion charges for converting private khatedari agricultural land for setting up white category MSMEs and Large industries
 - No conversion charges are leviable on conversion of agricultural land upto one acre, in case the tenant khatedars desires to establish micro/small scale industry on his own khatedari land
 - No conversion charges are applicable if food processing unit is setup on agriculture land upto 10 acres in rural areas

SUPPORT TO ACHIEVE GLOBAL COMPETITIVENESS

• To upgrade the existing technology and

- encourage the use of new technologies in MSMEs, the State Government through its RIPS 2019, provides one-time reimbursement of 50% of the cost incurred for acquiring advanced technology from premier national institutes subject to a maximum of INR 10 Lakh per enterprise.
- The State government envisages to provide enhanced financial assistance through MLUPY 2019 and RIPS 2019 to MSMEs having valid Zero Defect and Zero Effect (ZED) Certification (Silver/Gold/Platinum Rating) granted by Quality Council of India.'

MARKETING AND BUSINESS DEVELOPMENT SUPPORT

 The State Government provides rental subsidy upto 30% of rental space subject to a maximum ceiling of INR 2 Lakh, for setting up stalls at national and international fairs/trade events.

RAJASTHAN MINERAL POLICY, 2015

OBJECTIVES

- To infuse greater transparency and enhance efficiency in grant of mineral concessions by simplifying the procedure and adopting egovernance
- To provide conducive framework of procedural, regulatory, fiscal and legal aspects in the investment regime
- To enhance exploration of mineral wealth of the State with the help of in-house facilities available and outsourcing other modern techniques through private participation
- To gear-up oil and gas exploration and its related production activities in the State and step up value addition in the hydrocarbon sector
- To develop scientific mining techniques with due regard to safety, productivity, conservation, cost-

- effectiveness, environmental and social sustainability
- To encourage investors (present and potential) for establishing mineral based industries in the State by creating a favorable and transparent environment
- To promote research and development in association with private companies
- To develop human resource and fulfillment of social responsibility
- To develop, enhance and maintain viable infrastructure
- To boost employment opportunities
- To effectively curb illegal mining
- To enhance efficiency of the Departmental officials by conducting trainings and seminars.

RAJASTHAN MINERAL POLICY, 2015

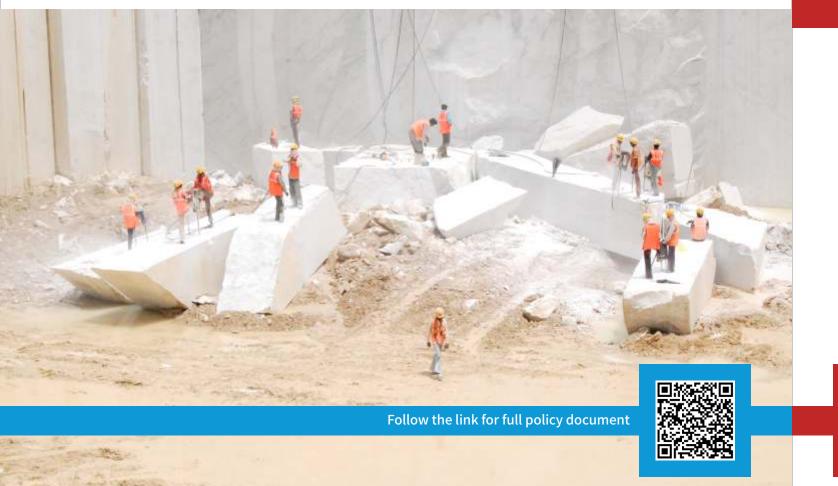

FOCUS SECTORS/AREAS

- Mining
- Hydrocarbon
- Oil and Gas
- Mineral based Industries

INCENTIVES

- To promote safe and scientific mining, small areas of quarry license which amalgamate their licenses to make an area of minimum 1.00 ha., period of such amalgamated licenses shall be increased to 50 years
- In allotment through delineation, priority will be given, to those setting up mineral-based

- industries in the State
- To promote zero waste mining, a special fee of INR 10 on dispatch of over burden has been removed.
- To promote value addition, mineral based industries are eligible for incentives under the prevailing RIPS.

RAJASTHAN M SAND POLICY, 2020

OBJECTIVES

- To provide economical and an alternative to sand for various construction works
- To protect the environment in mining areas by efficiently using mineral resources and repurposing the overburden material found in various mining sites across the state.
- Minimizing reliance on river-sourced sand and enhancing the ecosystem through the use of M-Sand
- To promote mineral-based industries in the state as well as provide employment opportunities at the local level

FOCUS SECTORS/AREAS

Mining

INCENTIVES

- Industry status to units which setup M-Sand projects in Rajasthan
- New/expanded M-Sand units shall be eligible for incentives under RIPS 2019
- Permits are issued for a period of 10 years to the overburden dumps available in the mining areas for captive purposes to produce M-Sand

Follow the link for full policy document

RAJASTHAN RENEWABLE ENERGY POLICY, 2023

RAJASTHAN RENEWABLE ENERGY POLICY, 2023

OBJECTIVES

- STAKEHOLDER-DRIVEN RENEWABLE ENERGY
 DEVELOPMENT AND NATIONAL CONTRIBUTION
 Foster the growth of the renewable energy sector
 through a stakeholder-driven policy approach,
 contributing significantly to the national goal of
 500 GW of renewable energy capacity.
- BALANCED ENERGY MIX AND TECHNOLOGICAL INNOVATION
- Strive for an optimal mix of conventional and renewable energy, ensuring state energy security and efficient grid management. Promote the adoption of advanced technologies, such as combined wind-solar generation and energy storage solutions, to enhance infrastructure across generation, transmission, and distribution.
- HUMAN RESOURCE DEVELOPMENT AND EMPLOYMENT GENERATION
 Focus on human resource development specific to the renewable energy sector, creating

- employment opportunities and supporting R&D initiatives for innovative products and processes to drive industry growth.
- GRID FLEXIBILITY AND LAND UTILIZATION
 Implement ancillary services to make the grid adaptable for renewable energy integration through demand-side management, storage systems, and grid balancing. Utilize unproductive lands for wind energy hubs and encourage the repowering of existing wind projects.
- INVESTMENT ATTRACTION AND HYBRIDIZATION FOR GRID STABILITY

Attract investments to establish renewable energy equipment manufacturing facilities by promoting a supportive ecosystem. Encourage the hybridization of wind and solar technologies, as well as the integration of renewable energy with existing thermal power plants, to enhance grid security, optimize land use, and reduce carbon emissions.

FOCUS SECTORS/AREAS

- Renewable Energy Parks
- Solar Energy
- Wind Energy

- Hybrid Energy
- Renewable Energy powered EV charging

ELIGIBILITY

 Generation of electricity from RE Power Plant registered under this policy shall be treated as an eligible industry under the schemes administered by the Industries Department and for incentives available to industrial units under the prevailing Rajasthan Investment Promotion Scheme (RIPS).

INCENTIVES

AVAILABILITY OF WATER

 Water Resources Department will allocate the required quantity of water from IGNP canal/the nearest available source for auxiliary consumption for Solar PV Power Plants including cleaning of solar panels and allocation of water for Hydro/ Pump Storage Plant/ Solar Thermal Power Plants subject to the availability.

BANKING

• Banking facilities and charges will be governed as per the prevailing RERC Regulation. The State

will provide banking benefits as per the prevailing RIPS.

EXEMPTION/RELAXATION FROM ELECTRICITY DUTY

 The exemption/relaxation from payment of Electricity Duty by the Power Produce for captive use within the State will be exempted as per the prevailing RIPS.

TRANSMISSION AND WHEELING CHARGES

 Transmission and Wheeling charges will be governed by the prevailing RERC Regulation, as amended from time to time. The State will provide transmission and wheeling related benefits as per the prevailing RIPS.

Follow the link for full policy document

16 In the second of the second

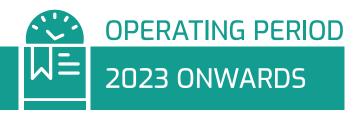

RAJASTHAN BIOMASS AND WASTE TO ENERGY POLICY, 2023

OBJECTIVES

- To be a major contributing State for achieving the national target of 500 GW through non fossil fuels by 2030 as a global commitment.
- Utilization of Biomass waste as a fuel for energy generation as a sustainable source of energy and also solving problem of Stubble burning to address the environmental impacts.
- To facilitate and promote the disposal of MSW/RDF/Industrial waste/Medical waste in a more environment friendly manner and utilization of MSW/RDF as a renewable resource for generation of electricity.
- The policy also envisages to facilitate 9,000 MSMEs for obtaining Zero Defect Zero Effect (ZED) certification.

FOCUS SECTORS/AREAS

- Waste to Energy
- Biomass
- Thermal power

INCENTIVES

- Eligibility to avail incentives as per the prevailing Rajasthan Investment Promotion Scheme (RIPS).
- Permission to use water from sources of the Water Resource Department, subject to availability.
- Projects registered under this policy shall also be eligible to avail Central Financial Assistance
- (CFA) from the Ministry of New and Renewable Energy (MNRE) upon successful commissioning of the projects.
- No fee charged by the Pollution Control Board for issuing Consent to Establish (CTE) and Consent to Operate (CTO) for Waste-to-Energy projects, provided they comply with pollution control norms.

RAJASTHAN GREEN HYDROGEN POLICY, 2023

RAJASTHAN GREEN HYDROGEN POLICY, 2023

OBJECTIVES

- To become the pioneer state for Green Hydrogen Production and its derivatives and to reduce the dependency on import of Ammonia and Fossil Fuels
- To develop an ecosystem for production of Green Hydrogen for Refineries, Fertilizers and other Industries requiring Hydrogen as an input
- To create an environment for Industry and Research Institutions to focus on cutting edge research and to make Rajasthan the preferred destination for green hydrogen
- To develop a green hydrogen manufacturing ecosystem (Electrolyser, compressor, storage and transport infrastructure etc.)

FOCUS SECTORS/AREAS

Renewable Energy/ Green Hydrogen

ELIGIBILITY

- Developers, as defined below shall be covered under the provisions of this Policy:
- Category 1
 Develops Co-located Renewable Energy and Green hydrogen generation plant
- Category 2
 Develops Green Hydrogen Generation Plant and remotely located RE Plant.
- Category 3
 Develops Green Hydrogen

 Park/Hub/Cluster/Valley

INCENTIVES

 Green Hydrogen Generation Plants, Parks and equipment manufacturing plants shall be treated as eligible industry under the schemes administered by the Industries Department and for incentives available to industrial units under the Rajasthan Investment Promotion Scheme (RIPS) as amended from time to time.

AVAILABILITY OF WATER

Water Resource Department will allocate required quantity of water from IGNP canal/the nearest available source for cleaning of solar panels and auxiliary consumption for Solar PV Power Plants and water required for Green Hydrogen Generation Plants subject to the availability.

SPECIAL INCENTIVES

 50% waiver of Intra-state transmission and wheeling charges, Electricity duty for the power produced from solar/ wind plants (with/without storage) to be established for the selective projects identified in the Green

- Hydrogen plants.
- Additional surcharge and cross-subsidy charges will be waived for energy from wind/solar plants, whether captive or subsidiary-owned, used in green hydrogen production within the state, including those with storage facilities.

RESEARCH AND DEVELOPMENT

The State will provide a one-time grant/State contribution of up to 30% of the cost incurred in the establishment of RandD centers subject to a maximum of INR 5 crore to Research Institutes, Universities etc.

MANUFACTURING OF EQUIPMENTS

- Benefits prescribed in the Rajasthan Investment Promotion scheme (RIPS) as amended from time to time shall apply.
- Any other concession besides the above as a customized package under the RIPS shall also be provided on case-to-case basis.

Follow the link for full policy document

RAJASTHAN ETHANOL PRODUCTION PROMOTION POLICY, 2021

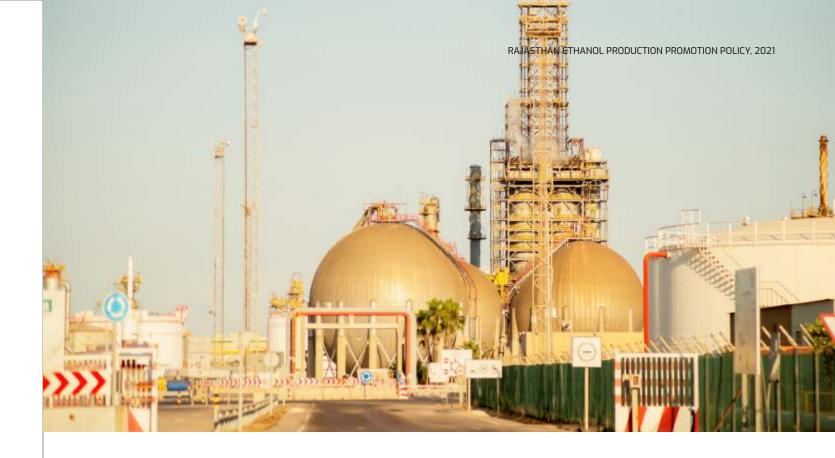

OBJECTIVES

- To reduce dependency on fossil fuel imports and to facilitate National Biofuel Policy 2018
- To allow the production of Ethanol from all feedstocks permitted under the National Policy on Biofuels, 2018, and by the National Bio-fuel Coordination Committee (NBCC).
- To promote, facilitate, and financially incentivize investments in fuel-grade standalone green field
- Ethanol manufacturing units as well as existing distilleries planning to expand in the area of ethanol production in Rajasthan
- To increase the income of farmers producing feed-stock/raw material which may be used for Ethanol manufacturing
- To generate local employment opportunities

FOCUS SECTORS/AREAS

• Ethanol manufacturing/blending units

ELIGIBILITY

ELIGIBILITY FOR TYPE OF UNITS

- Green-field standalone Ethanol manufacturing units investing more than INR 40 crore with a minimum production capacity of 30 KL per day on the date of commercial production
- Units which are producing fuel-grade Ethanol and are supplying minimum 75% of Ethanol to Oil Manufacturing Companies (OMCs) under Ethanol Blended Petrol Program (EBP) of Government of India
- Existing units, expanding or diversifying into Ethanol Production, which have clearly demarcated units, are eligible for assistance under this policy provided that the production capacity of the existing distillery/unit is not reduced.
- The quantum of assistance to expanding or diversifying units shall be at par with new standalone units. Conversion/switchover from existing distillery/units to Ethanol units will not be eligible for incentives under this policy

New Ethanol unit can only be set up in a block categorized as a safe area as per the Block-wise Groundwater Resource Assessment 2020 and subsequent assessments conducted by the Central Ground Water Authority from time to time.
 However, Ethanol production unit, using surface water or recycled water instead of ground water and complying the directions issued by Water Resources Department vide order dated 25-03-2015 regarding establishment of water intensive industries in the State, can be setup in any block

ELIGIBILITY FOR TYPE OF FEEDSTOCKS

- Ethanol production from all feedstocks permitted under the National Policy on Biofuels, 2018, and by the National Biofuel Coordination Committee shall be allowed in the state of Rajasthan.
- Subsequent permission of any additional feedstock for Ethanol production by the National Biofuel Coordination Committee will be automatically allowed for Ethanol production in the State of Rajasthan.

FOCUS SECTOR

Ethanol manufacturing/blending units

22

INCENTIVES

(Eligible Ethanol manufacturing units in Rajasthan will be entitled to avail of the incentives provided under RIPS 2022)

ASSET CREATION INCENTIVES

- Investment Subsidy (SGST Reimbursement)-75% of the State Tax due and deposited for 7 years; Or
- Capital Subsidy-13-28% of EFCI to be disbursed in annual installments in 10 years; Or
- Turnover Linked Incentive-1.2-2% of Net Sales Turnover to be disbursed annually for 10 years

SUNRISE SECTOR INCENTIVE

 The first 3 sunrise Mega/Ultra Mega projects get a 25% booster on ACI; subsequent investments receive Manufacturing Thrust sector benefits

BANKING, WHEELING AND TRANSMISSION CHARGES

- First 3 sunrise Mega/Ultra Mega projects get 100% waiver/reimbursement on banking, wheeling, and transmission charges
- 100% banking allowed with no restrictions on withdrawals during peak hours
- No ceiling on the size of the power plant

EXEMPTIONS

- 75% exemption on Stamp duty and/or Conversion charges
- 25% reimbursement on stamp duty and/or conversion charges
- 100% exemption of mandi fee for 7 years
- 100% exemption of Electricity duty for 7 years

SPECIAL INCENTIVE

 Production Linked incentive: INR 1.50 per litre of Ethanol supplied to OMC's, Incentive and manufactured in the unit, up to a maximum limit of 100% investment in Plant and Machinery, in 7 years from the date of commercial production.

Other special incentives are applicable as per manufacturing sector

GREEN INCENTIVES

 As per standard green incentive applicable for the manufacturing sector

EMPLOYMENT BOOSTER

• As per employment booster applicable for the manufacturing sector

MANUFACTURING THRUST SECTOR INCENTIVE

- Thrust sector top up of 10% over the Asset Creation Incentive option chosen as part of the Standard package; Or
- 5% interest subsidy on term loan taken by enterprise from Financial Institutions or State Financial Institutions or Banks recognized by RBI, for making an investment in plant & machinery, for a period of 5 years subject to a maximum of 2.5% of the EFCI distributed equally in 5years

RAJASTHAN ELECTRIC VEHICLE POLICY (REVP) 2022

OBJECTIVES

- To support the adoption of Electric Vehicles (EVs) in both personal mobility and public transport segments.
- To create a robust network of EV charging and battery swapping stations, focusing on clean energy sources.
- To foster research and development and skill development in the state's electric mobility space.
- To promote the manufacturing of electric vehicles and batteries in the state by providing appropriate incentives under RIPS-2019.

FOCUS SECTORS/AREAS

• Electric Vehicle/Charging Infrastructure

INCENTIVES

PUBLIC CHARGING AND SWAPPING INFRASTRUCTURE

- SGST reimbursement on equipment: SGST reimbursement on Fast Charging Electric Vehicle Supply Equipment (EVSE) procured by private enterprises for setting up public charging stations.
- Reimbursement of cost towards Upstream Electricity Infrastructure
 - Entities setting up Public Fast Charging/Swapping Stations will be reimbursed 100% of the upfront cost incurred for establishing the upstream electricity infrastructure.
 - Reimbursement is up to INR 5 lakh per charging station on an actual cost basis paid to the electricity distribution company (DISCOM).
 - Applicable to the first 100 Public Fast Charging/Swapping Stations installed in the state during the policy period.
- Service Enterprise in Thrust Sectors Benefits under RIPS 2019
 - 5% interest subsidy on term loans taken by the enterprise from financial institutions or banks recognized by the Reserve Bank of India. Subsidy is provided for a period of five years,

- subject to a maximum of INR 2 lakh per year.
- Capital subsidy equivalent to 20% of investments made in equipment, subject to a maximum of INR 4 lakh.

POWER TARIFF FOR CHARGING STATIONS

- Time-of-Day (ToD) rebate of 15% on energy charges from 11 PM to 6 AM.
- Tariff applicable to Public Charging Stations (PCS) is also applicable to Battery Charging Stations (BCS) and Battery Swapping Stations (BSS)

RENEWABLE ENERGY BASED ELECTRIC VEHICLE CHARGING AND SWAPPING STATIONS

- Allotment of land at 50% concessional rate for the first 500 renewable energy-based EV charging stations installed within five years.
- Exemption from electricity duty for 7 years for electricity consumed by power producers for captive use at EV charging stations.
- 100% exemption in normal transmission and wheeling charges for solar power projects set up for EV charging stations for a period of 10 years.
- Banking charges shall be adjusted in kind @10% of the energy delivered at the point of drawl

RAJASTHAN STARTUP POLICY, 2022

OBJECTIVES

- Make Rajasthan the destination with the most vibrant startup ecosystem in India
- Foster rapid job creation and skill enhancement across the State
- Position Rajasthan as the no. 1 State in innovation in thrust areas such as agriculture, education, healthcare and fintech.
- Encourage inclusive entrepreneurship amongst women, transgenders, specially-abled, SC/ST and in rural areas.
- Invoke Startups in issues of governance and governmental reforms
- Provide an enabling environment for growth of product-based startups.
- Encourage startups to develop innovative solutions for solving problems in social focus areas such as healthcare, environment and rural development.

OPERATING PERIOD

2022 - 2027

RAJASTHAN STARTUP POLICY, 2022

FOCUS SECTORS/AREAS

- Agriculture
- Education
- Healthcare
- Fintech
- Industry 4.0
- Renewable Energy

ELIGIBILITY

• Shall be applicable only to start-ups registered under the i-start program, start-up investment funds, incubators, and academic institutes

INCENTIVES

FUNDING INCENTIVES:

- Funding Incentives have been identified based on the life cycle stages of startups: (1)
 Pre-Seed and Seed Stage and (2) Growth Stage.
- Start-ups will be rated based on their assessment score and be put under 5 different categories namely, Bronze, Silver, Gold, Platinum, and Signature.

PRE-SEED AND SEED STAGE

- Ideation Grant to Pre-Seed stage startups:
 - Grant of INR 2,40,000 for startups that have more than 50% equity and can upgrade their Orate scores
 - Startups which have more than 50% equity with women founders will be provided an additional INR 60,000.
- Viability Grant for Seed stage Startups
 - Startups registered under iStart (Non QRate) are eligible for a grant of upto INR 10 lakh

- · Green Hydrogen
- Ethanol
- Biotech
- Medical devices and equipment
- SaaS (Software as a Service supporting business functions)

- Startups under the Bronze category with a QRate score between 1-20 will receive a grant of upto INR 20 lakh within a time period of 3 months
- Startups under the Bronze category with a QRate score between 20-40 will receive a grant of upto INR 30 lakh within a time period of 3 months
- Startups under the Bronze category with a QRate score between 40-50 will receive a grant of upto INR 40 lakh within a time period of 3 months
- Startups under the Silver and above category will receive a grant of upto INR 60 lakh within a period of 18 months

GROWTH STAGE

Scale-up Fund

- Financial support to Growth stage startups upto a maximum of 50% of the total amount raised

Policies on the Anvil

RAJASTHAN LOGISTICS POLICY, 2024

Rajasthan government will formulate 'Rajasthan Logistics Policy 2024', to enhance the efficiency, sustainability, and competitiveness of the logistics sector in Rajasthan by developing logistics hubs across strategic locations of manufacturing clusters, areas with natural production of minerals etc and agriculture produce.

Rajasthan Logistics Policy 2024 will outline the support framework including incentives and government land and private land through aggregation to the private sector for investments in logistics infrastructure. This policy aims to take Rajasthan to a position as a leader in logistics excellence and contribute to broader economic growth and development objectives.

RAJASTHAN PRIVATE INDUSTRIAL PARK SCHEME, 2024

The Government of Rajasthan recognises the critical role that industrial parks play in fostering economic growth, innovation, and job creation, hence is framing Rajasthan Private Industrial Park Scheme 2024. This scheme will provide a conducive environment to the businesses and encourage them to develop key hubs for manufacturing, logistics, technology, and other industrial activities, contributing significantly to the economy of Rajasthan to achieve the goal of INR 30 Lakh crore of economy in next 5 years.

RAJASTHAN EXPORT PROMOTION POLICY, 2024

The Rajasthan Export Promotion Policy is the first initiative of its kind designed to boost the state's export activities. It aims to increase goods exports to 1.5 lakh crore by 2029, up from 83,704.24 crore in the fiscal year 2023-24. Key export sectors include engineering goods, gems & jewellery, textiles, metals, handicrafts, agro-food products, and chemicals & allied products, which collectively account for over 70% of the state's total exports.

The policy's vision is to enhance the state's export performance by expanding and diversifying the export portfolio through strategic administrative, institutional, fiscal, and infrastructural measures. This effort seeks to improve exporter competitiveness, promote sustainable economic growth, and create job opportunities in Rajasthan. Given Rajasthan's landlocked status, the policy also aims to ensure a level playing field for its exporters

RAJASTHAN ONE-DISTRICT-ONE-PRODUCT POLICY, 2024

Rajasthan's diverse districts are home to myriads of unique products and crafts. From the marble carving of Sirohi to agro products like honey from Bharatpur, each district has something distinct to offer. ODOP Policy aims at consolidation of efforts by focusing on the core competencies of each district, thus transforming the districts into Export Hubs for ODOP products.

The policy will strive to streamline the support structures for local industries, enhance the product value chain, and promote balanced regional growth by integrating these products into a larger market. ODOP development approach will lead to significant economic upliftment and job creation by boosting indigenous products through strategic interventions.

RAJASTHAN DATA CENTRE POLICY, 2024

Rajasthan government will introduce 'Rajasthan Data Centre Policy 2024', to stimulate the growth of data centre capacity building in the state.

In the digital era, data centres are the backbone of modern enterprises, enabling everything from cloud computing to essential IT services. With increasing dependence on digital infrastructure, it is essential to support and incentivise data centres by ensuring high standards of performance, and security. This policy acknowledges the specific requirements of the data centre sector in terms of infrastructure needs and covers key areas such as building laws, energy requirements, skill development and compliance with legal and regulatory requirements.

RAJASTHAN INTEGRATED CLUSTER DEVELOPMENT SCHEME, 2024

The cluster development approach supports groups of MSMEs and artisans in making them more efficient and market-oriented. Cluster development schemes are being run by various Central Government Ministries such as MSME, Textiles, Food Processing, Information and Technology, Commerce and Industry etc. to support MSMEs across the nation.

However, there is a strong need of not only effectively coordination with Government of India programmes to maximize benefits under their programmes but also to support MSMEs and Artisans which are not able to participate under Gol Cluster Development programmes.

Therefore, in order to disseminate the benefits of the Cluster Development approach to the grassroots level micro and small enterprises, an 'Integrated Cluster Development Scheme' is being implemented in the state which will help in increasing the productivity and quality of handicrafts, handloom, MSME sectors making them market-oriented and competitive.

RAJASTHAN MSME POLICY, 2024

Vision and endeavour of the state is to create Globally Competitive and Locally Relevant MSME sector by providing enabling and conducive environment for them to attain a high competence level. To realize the vision, the approach and strategy for MSME development focuses on a combination of both fiscal and non-fiscal interventions.

MSME policy has been developed as a One Stop Shop solution for all the incentives being offered by State Government. Initiatives under the MSME Policy 2024, along with the ongoing initiatives, will provide a conducive environment to make MSMEs competitive and encourage increased investments in the MSME sector in the State.

With a firm resolve to transform the investment climate, the state has initiated a complete overhaul of the policy framework. A number of new policies across sectors are on the anvil. Given this dynamic policy environment, some new policies are likely to replace the existing ones. Kindly check for the policies currently in force – and also the detailed policies – before making a decision.
